# NOTICE OF PARAMETERS FOR OPERATION UNDER PRE-SUNRISE AUTHORITY (PSRA) AUGUST 29, 2005

(Post this letter with your current authorization )

\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*\*

Pursuant to Section 73.99 of FCC Rules and Regulations, Pre-Sunrise operation (PSRA) is permitted in accordance with the parameters listed below. The powers listed below are maximum values that may not be exceeded. However, operation at any power not in excess of those listed is permissible.

NOVEMBER	6:30	1.0000	500.0	NONE
DECEMBER	6:45	1.0000	500.0	NONE

#### SPECIAL NOTE REGARDING ADVANCED TIME

\_\_\_\_\_\_\_

APRIL--Follow MARCH parameters until advanced time begins. OCTOBER--Follow NOVEMBER parameters as soon as advanced time ends.

### STATUS OF PREVIOUS PRE-SUNRISE AUTHORITY

This notice and its parameters supersede any previous Pre-Sunrise authority. If these parameters are lower than those previously authorized, the power must be reduced within 30 days of receipt of this letter or PSRA must be terminated. PSRA operation may be resumed on completion of the reduction.

### CALCULATION OF ANTENNA INPUT POWER

The nominal power listed is not necessarily the same as the Antenna Input Power. To determine the Antenna Input Power permitted during PSRA; multiply the INPUT POWER listed on the station authorization by the SQUARE of the ANTENNA CURRENT CONVERSION FACTOR. The Antenna Current or Common Point Current permitted during PSRA is obtained by multiplying the ANTENNA CURRENT CONVERSION FACTOR by the AUTHORIZED ANTENNA CURRENT or COMMON POINT CURRENT.

### NATURE OF AUTHORITY GRANTED

PSRA is secondary to the basic instrument of authorization with which it is to be associated. The PSRA may be suspended, modified, or withdrawn by the FCC without prior notice or right to hearing, if necessary to resolve interference conflicts, to implement agreements with foreign governments, or in other circumstances warranting such action. Moreover, the PSRA does not extend beyond the term of the basic authorization.

# NOTIFICATION PROCEDURE

PSRA operation under this authorization may commence immediately upon submission of the following information:

- 1. Licensee name, station call sign and location
- 2. Indication that such PSRA operation is intended by the station
- 3. A description of the method whereby any necessary power reduction will be achieved.

#### Send to:

Federal Communications Commission Audio Division, Media Bureau Technical Processing Group, Mail Stop 1800-B3 445 12th Street, SW Washington, D.C. 20554

# FOR ADDITIONAL INFORMATION

If there are any questions concerning PSRA operation please call:

Audio Division, Media Bureau (202) 418-2700

#### POST-SUNSET AUTHORITY (PSSA) AUGUST 29, 2005

FACILITY ID: 65167 CALCULATIONS BASED ON: CALL: KROB CITY: ROBSTOWN STATE: TX LICENSED FACILITY

ANTENNA: DAYTIME FREQUENCY: 1510 KHZ BL-20030626ACE

In the fall of 1983, the Commission amended Section 73.99 of the Commission's rules to permit many daytime-only stations to operate beyond local sunset provided they do not cause interference to the licensed operations of co-channel full time stations. Subsequently, the Commission amended this rule to enlarge the opportunity for post-sunset operation wherever possible. Unfortunately such operation by your station would cause destructive interference, and as a result, post-sunset operation is not possible.

The Commission plans to continue its periodic review of this matter. If that review shows that post-sunset operation can be conducted by your station without causing interference, the appropriate authorization will be issued.

Federal Communications Commission Washington, D. C. 20554
